Shumaker

PUBLIC SECTOR

When business and government meet, we keep you moving forward.

With a deep knowledge of governmental processes, Shumaker attorneys serve public entities as outside counsel, general counsel, bond counsel, and special counsel—assisting with a broad array of matters ranging from employment law to economic development incentives.

REPRESENTATIVE CLIENTS

- Cities, villages, counties, towns, and public hospitals
- Joint authorities and special districts for hospitals, port facilities, sports facilities, convention centers, cultural venues, special assessments, and economic development
- Special purpose financing districts
- Public school districts, colleges, and universities
- State governmental agencies and authorities that require special counsel services
- Government councils

OUR CAPABILITIES

- Bond and note financings
- Representation of state and local governmental entities on organizational issues, governance, compliance, and business concerns
- Structuring of and operational guidance for joint authorities and public-private partnerships
- Assistance with crafting and offering economic development incentives
- Advice on tax levy structuring and approval
- Special counsel in areas such as labor and employment, litigation, and environmental law
