Client Resource: 2026 Combined Congressional Calendar

To help you plan ahead, Shumaker Advisors has compiled a **2026 U.S. Congressional calendar**, highlighting when the Senate and House of Representatives are in session. These dates cover committee activity, floor weeks, and district work periods and can guide travel to Washington, D.C. and timing for stakeholder meetings. We hope this serves as a practical planning tool throughout the year.

If you are considering a trip to D.C., coordinating advocacy or compliance milestones, or timing announcements around policy windows, our team can translate these dates into an engagement plan for your organization. Please let us know if we can provide additional information or tailor guidance to your priorities.
