John has a well-rounded perspective shaped by experience across several areas of litigation. Before joining Shumaker, he practiced primarily in construction litigation, along with business litigation, at another Tampa-area law firm. His practice focused on suretyship, professional liability disputes, and construction lien enforcement and defense.

He has handled complex matters involving construction lien foreclosures, bankruptcy, indemnity and subrogation claims, and civil theft, securing favorable results for his clients. That breadth of experience informs his approach to developing strategies tailored to each dispute.

“John’s creativity and practical approach to problem-solving are exactly what our clients look for when they face a dispute,” said Jeff Fabian, Partner and Litigation & Disputes Service Line Lead at Shumaker. “His experience in construction and business litigation gives him a well-rounded perspective, and he is a valuable addition to our team.”

With a long track record of securing positive outcomes, Shumaker’s Litigation & Disputes Service Line represents clients in all forms of dispute resolution, including negotiation, mediation, and arbitration. Our team of more than 120 litigators crafts strategies that offer clients the best chance of victory—in and out of the courtroom.
