Sarasota, Fla. – The Sarasota Shumaker, Loop & Kendrick LLP office is proud to be a Premiere Partner in the Campaign Against Summer Hunger.

The firm, in conjunction with several local charities, is committed to the campaign, led by All Faiths Food Bank, to assist an estimated 21,000 Sarasota County students (50%) that are on free and reduced lunch. "It is our pleasure to help support this important cause," said Ben Hanan, Managing Partner of the Sarasota Shumaker, Loop & Kendrick office. "During the summer, when school is out, many of our community's students, their siblings and their families may go without regular meals. We are proud to join this effort to make a difference in those families' lives," said Hanan.

The firm has committed $2000 to the campaign, and has launched its own matching dollars campaign. Shumaker will match each employee's individual donation amount up to $50.

All Faiths Food Bank is the driving force behind the Campaign Against Summer Hunger and encourages residents to "empty their shelves" and/or make a cash gift so no child in our community goes hungry. The official campaign runs from April 1st through May 10th. For more information about the campaign or for information about how to donate, please visit www.skipalunch.org.
