Download Client Alert: Major Announcement
Affecting all Ohio Businesses Coming at 2p.m.Today

Over the last 72-hours a multitude of companies have reached out to Shumaker, Loop and Kendrick, LLP and Shumaker Advisors, LLC through our helpline and directly. These companies covered industries ranging from health care and service providers to manufacturing. Our national team of professionals has been collecting these requests day and night.

IF YOU CONTACTED US, YOUR COMPANY HAS BEEN SUBMITTED FOR CONSIDERATION.

Although we have not had time to reply to every inquiry, we will be following up with every person who contacted the helpline at 1.800.427.1493.

As we near the 2p.m. daily briefing, we encourage anyone who is interested, watch the briefing by going to www.ohiochannel.org. You will find a link to watch the press briefing online or via Facebook.

As we prepare for today's announcement, we would also like to share recent developments in Illinois. The executive order is [attached](#) for your review, along with a link to news coverage in that state, which may be found [here](#). Illinois, who recently passed a shelter in place order, may offer a glimpse into an Ohio order.

We will update this group as the day progresses.
